

## Reformation Tours' Guide to Packing

It's always good to start thinking about packing well before the tour and here are some ideas for those you enjoy checklists. You won't need everything on the list and we do advise you pack as lightly as possible.

It's helpful to bring layering clothing that can mix and match, so that you have a variety of options. You can handwash smaller items in the hotels if you have 2 night stays. The most important items are a light rain jacket and comfortable shoes. Please bring prescriptions with you, or your medication in the original container.

Reformation Tour will send your tour materials 3 weeks before departure and we encourage you to put your passport in the travel wallet right away.

For the Journey
